Commander Newsletter Input – January 2026

Happy Month!! I hope all had a wonderful Christmas and New Year with your family and friends and I pray God's Blessings upon you all as we start 2026!! As we start this new year, I wanted to remind every member of some of the daily interactions Americans have with our Armed Forces. So let's talk about some cool things the military has done in the last century that my daughter Larissa, a member of this Post passed on to me. Did you know that the US Air Force owns and operates our entire GPS constellation? Anyone who uses Facebook, Instagram, or Twitter uses technology enabled by the Air Force. The ability to take a phone out of your pocket and instantly know where we are at any time has changed how Americans travel on a daily basis. As a component of that, the US Navy protects global communications and web access. Grey-hulled ships floating on the high seas serve to protect what is underneath the water and hidden from plain sight. 99% of global communications flow through undersea fiber optic cables. The Armed Forces also act as a homeland and global first responder for disaster relief. The Army Corps of Engineers helped drain New Orleans and repair infrastructure after Hurricane Katrina in 2005, along with the 70,000 additional Soldiers sent to the area to assist in disaster relief. The Army and Air Force use their planes and Soldiers on the ground to assist in fighting wildfires. The Air Force has a specialized unit that leads all airborne search and rescue missions along with the US Coast Guard with over 150,000 "saves" under their belt since 1974. Army research labs have provided critical breakthroughs for military and civilian purposes-from sports concussions to world-class prosthetics after the Boston Marathon bombing. Who played football in your youth? Did you know that the Army created the technology for the helmets used today from Middle School to the NFL? They used research from traumatic brain injuries, increasingly caused by improvised explosive devices, and applied that to children and adults who suffer similar injuries from repeated exposure to contact sports like football and hockey. The Army has contributed to more advanced technology like better helmets for those contact sports and created and built world-class prosthetics for those who need them. This is just a small sampling of what the Armed Forces have contributed to the daily lives of American citizens. However, regardless of everything the military has done, their greatest asset will always be their people. People just like you who stood up and volunteered to serve the Nation. To those Veterans who grace the halls of our Post, we thank you, we honor you, and we cherish the sacrifices you made for us all!! God Bless you and may God continue to Bless the United States of America!!

John Seward
Commander
American Legion Post 624

January 2026 Newsletter Input

At our November Monthly Meeting we voted for our American Legion Auxiliary to fund and manage the construction of a new Breeze Way on the front of our American Legion building. The project is now complete and we should all be proud of this contribution to our American Legion. It looks very pretty. This addition will provide shelter from the weather as well as enhance our American Legion's current beauty. In weeks to come a plaque will be posted dedicating our donation and a dedication ceremony will take place at our next opportunity. Thank you to everyone for working so hard and contributing to our efforts so that we may provide this gift to our American Legion.

The Auxiliary hosted and catered the New Comers Lunch on November 19th for approximately 50 people. We served hot ham and cheese paninis, pasta salad, back by popular demand tomato basil soup and homemade warm apple crisp and ice cream made by members of the Auxiliary. We received a very nice Thank You note from the New Comers contact thanking us for our efforts on a job well done. Great job!!

Several of us had a lot of fun and great friendship at our Christmas Party. We had a lot of tasty treats and goodies and many wonderful and thoughtful gifts were exchanged. We had a wonderful time.

The Auxiliary hosted and catered the Lake West Chamber of Commerce Networking Breakfast on Friday, December 5th for approximately 40 people. Thank you again to Mike K. for the recommendation and endorsement. We served buffet style biscuits and gravy, sausage, bacon, pancakes, scrambled eggs and yummy sweets. Thank you to those that got up early and made this event possible. Great job!!

The Auxiliary hosted and catered our Christmas Dinner Friday, December 12th. Thank you to everyone that donated to help make our dinner possible. We served approximately 130 people Ham, Turkey, Shrimp Cocktail and all our other delicious Christmas favorites. We all had a wonderful time eating, drinking, dancing, singing and Celebrating Christmas!!

The Kitchen will be closed January and February for dinners. It will be open on Saturdays for the Turkey Shoot. If you would like to volunteer the first Saturday of the month please sign up in the Kitchen.

I hope everyone has a Merry Merry Christmas. God bless each of you...

Lisa Seward
Auxiliary President

Sons Newsletter Input January 2026

Hoping everyone had a safe and happy holiday season. The sons will have the January meeting on the 7th. We will not host a meal on Wednesday again until March. But we will be in charge of Lunch one Saturday a month during Turkey Shoot. Please continue to support the turkey shoot every Saturday and Queen of hearts on Friday night to support our legion. Off we go to a great new Year.

Paul Henderson

Chapter 624 ALR Riders,

On behalf of the Riders Officers, I want to thank everyone that has supported and participated in the events, rides and community projects we have completed this year.

The riding season is winding down. Although it doesn't seem like it with the great weather in October and November. Please be diligent of other vehicles, deer and leaves on the road.

I am wishing everyone a Merry Christmas and a Happy New Year

Our next official meeting will be in March 2026.

Enjoy the Ride

Mike Koenigsman

 - -Kyle Lee Wiles & The Fender Benders (12/4)
 - -The Healing Box (12/18)

What it means to be a member of the Honor Guard

There's a moment at every service when time seems to stand still. The rifles have fired their final volley. The air is still. And then, the soft, mournful notes of *Taps* begin to drift across the cemetery.

When that last note fades into silence, and the flag is carefully folded and presented, something special happens — a quiet peace fills the air. The family feels a sense of closure, knowing their loved one has received the honor, dignity, and respect they earned through their service and sacrifice to our country.

It's in those moments that the true meaning of our mission as an Honor Guard comes to life. We are there to ensure that no veteran's service is forgotten, that no family leaves without knowing their sacrifice was honored."

"If hearing this touches your heart — if you've ever felt that pull of pride and gratitude when you see the flag being folded or hear the sound of *Taps* — I invite you to join us. Come be a part of our Honor Guard family.

Contact the Honor Guard Commander or Captain, Austin Teel at 573-280-7585; Keith Moss at 816-809-6789 stop by Zach Wheat Post 624

"We honor those who served... with a final salute."
